

FEEDBACK S/N	PROGRAM	TITLE	CHANGE NARRATIVE
1600813	PPIRS-SR NG	Price risk: price risk assessment factors changes	1. Change title of screen to "Price Risk Assessment Factors" 2. Delete the "exclusion factor" column.
1601033	PPIRS-SR NG	Supplier risk: factor table update notifications	Add a trigger to the supplier risk factor table which will send a notification any time the table is modified, either by a dba or the app. Notification should say what change(s) occurred. Notifications should be sent to regular PPIRS-SR NG admin recipients (ESP QAS).
1601092	PPIRS-SR NG	Price engine: FSG-all	If a price in CDD_NG cannot be escalated because it does not have an assigned series (either PPI series or FSG series), escalate that price using the FSG-all series now provided in the PPI tables. The system should provide a notification to QAS that the FSG-all series was used, which will require further investigation.
1601346	PPIRS-SR NG	Pdf: high risk item detail formatting	Please ensure text displayed in high risk item detail (pdf block 9) includes a carriage return and line feed after each line of reason. Attached is an example where the last two reasons are concatenated. Please ensure there is a blank line between each reason.
1601361	PPIRS-SR NG	Supplier risk: cage & duns for CPARS/FAPIIS detail	When pulling CPARS and FAPIIS records for detailed supplier risk report, collect records by CAGE and DUNs. This should ensure all scored records are available for display.
1601370	PPIRS-SR NG	Market research SRD	Please see the market research SRD.
1601373	PPIRS-SR NG	Pdf: show all purchase history	On the pdf, please show the entire purchase history of the item, sorted newest to oldest.
1601438	PPIRS-SR NG	Supplier risk: RCN column for PQDR detail	In the detailed supplier risk report [info only] product quality deficiency reports (PQDR), change the "serial #" column to "rpt ctl num". https://ppirssrng.csd.disa.mil/ppirssrng/sr-ng/getsupplerriskreportcage_source.action?source=qdr in the column, display the report control number (qdr.rcn_activity qdr.rcn_number) for the associated PQDR.
1601486	PPIRS-SR NG	Admin: supplier mgt drops age wt	In the supplier risk admin page, the app appears to not retrieve the values for the age weight checkboxes. If the checkboxes are not rechecked before saving, "n" is stored.
1601269	PPIRS-SR NG	Modify reports rights struts error	From 'Manage Groups' => choose a group (ex. 'DLA Aviation') => 'Modify Report Access Rights' of a user and I get a 'Struts Error' before I take any action. Please fix.
1601157	PPIRS-SR NG	Positive quality score worst rating is green	Update the PPIRS-SR NG quality rating system to ensure that if a vendor has a positive quality score, the worst color rating he can have is "green."
1600337	PPIRS-SR NG	Limit # of userid characters in request account	1) USERID setup in both PPIRS-SR NG DOD and Awardee/Contractor REQUEST accounts allow up to 30 characters. Logon function only allows up to 20 characters. Please limit the number of characters for USERID in request account to 5 minimum and 20 maximum. 2) Change "Define Your USERID /Password" directions to say " USERID may be 5-20 characters (letters and numbers only)."
1400364	PPIRS-SR NG	Back button on view account PPIRS-SR NG	When viewing a user in PPIRS-SR NG admin government users by specific first name and last name, when you hit the 'back' button it will take you to all users with the same last name. Keeping same first name/last name is preferred.
1600287	PPIRS-	Average delivery score by	Add average delivery score by individual NAICS supply codes. Currently registers as 'no

	SR NG	NAICS	data available' for all NAICS supply codes (see attached).
1601292	PPIRS-SR NG	PPIRS-SR NG delivery scoring report data	Data in Management (PPIRS-SR) Delivery Scoring Report not always correct. Example: CAGE 4U407 / FSC 6135 had 702 Negative Delivery Records with a total of 11,318 days late as of 09/29/2016. Scoring Report only shows 62 records with a total of 360 days late.
1600489	PPIRS-SR NG	Update PPIRS-SR NG manage contractor users	Update instructions on PPIRS-SR NG Enter any or all of the selections below (userid, last name, first name, cage code, duns). 2. Click list users button."
1600806	PPIRS-SR NG	No justification text in pending membership	Text for 'justification' does not display in user info/justification view in sr pending membership requests.
1600161	PPIRS-SR NG	Challenge report filter by DODAAC	The challenge report filter search by DODAAC is not functioning. No error message, just blank/nothing when a valid DODAAC is entered. DODAAC can be found in the first six characters of the serial no. (contract number) on the challenge report.
1601314	PPIRS-SR NG	Average delivery score for FSC 5998	Average delivery score for FSC 5998 is 'no data available'. Update to capture FSC 5998
1601345	PPIRS-SR NG	Contractor challenge report struts error	SR-NG Admin Management Contractor Challenge Report gets a Struts Error when run.
1601369	PPIRS-SR NG	Error in the jvm.stderr log file	Servlet-api.jar file exists in 2 locations 1) \$tomcat_home\lib 2) \$tomcat_home\webapps\ppirssrng\web-inf\lib tomcat already had this jar during server startup in its container so application does not need to have duplicate library in its lib. I excluded this jar from building war in ppirssrng.xml and deploy on my local tomcat. I do not see this warning anymore. One thing noticed from dev environment. Version of this jar is different between tomcat (v7.0.62) lib and ppirssrng commonjars (used in building war) so i updated commonjars with version from tomcat and built war, i do not see any error during compiling. Deployed to my local tomcat and started tomcat, saw no error or warning of this jar not loaded launching srng app and browsing around didn't see issue.
1600616	PPIRS-SR NG	No retention period for PPIRS-SR NG Delivery and quality	Please purge all PPIRS-SR NG delivery and quality scores daily without a retention period
1301035	PPIRS-SR NG	PPIRS-SR NG delivery scoring report	In the PPIRS-SR NG management delivery scoring report in alpha, termination code k results are being shown incorrectly as days late from due date for some classifications (not all). They should be set to a permanent 180 days late (see attached). Delivery scores are correct in the PPIRS-SR NG summary and solicitation inquiry reports, but the delivery scoring report calculation of days late is incorrect. This CSR is being updated 11/23/16 with new attachment example in alpha (cage 71905 / FSC 4820).
1600901	PPIRS-SR NG	SR-NG PQDR Closed Date not Showing on Detail Rpt	The PQDR closed date is not showing on the PPIRS-SR NG detail report. The closed date field should be coming over from pdrep and should display in PPIRS-SR NG.
1610477	PPIRS-SR NG	Modify Account USERID Not Found Error	When update/change attempted in Modify Account and click 'Submit', a 'User Id not found' error comes up.
1601502	PPIRS-SR NG	Contractor summary supply code	Please change 'FSC Code' column in Contractor Summary Report to read 'Supply Code'. Also, please change 'FSC Supply Code' in the NAICS Detailed Report view to 'NAICS Supply Code'
1601522	PPIRS-SR NG	Quality Score Analysis Report in Alpha	Alpha only - when in Admin in the Report Menu Items - Management (PPIRS-SR), if an FSC is put in the Quality Score Analysis Report and click on "Search By Supply Code", the results come up for Supply Code Relationship Report instead.

1601524	PPIRS-SR NG	Bulletins with multiple cages	Bulletins that come over from PDREP may have multiple cages associated with them at different times. For instance, one bulletin may have three different cage codes all with different dates. PPIRS-SR NG keys on the serial number of the bulletin, so when a new cage is attributed to it the bulletin keeps getting overwritten with different cages. Please have the key for both the cage and serial number so that multiple cages may have the same bulletin number. Also, add a supply/type code column to the challenge report for better reference.
1601270	PPIRS-SR NG	Management reports In Admin	Receive a Struts Report
1601272	PPIRS-SR NG	Struts error at supply code relationship report	Supply code relationship report returns a Struts Error
1601281	PPIRS-SR NG	Password Reset Message	Change the email message users receive when using the password function.
